

## **Rausch Advisory Services: Senior Internal Auditor**

Rausch Advisory is seeking highly-motivated, qualified candidates for Senior Internal Auditor positions on our Internal Audit and Controls team. The successful candidate will assist us in providing excellent client service and working collaboratively with us to achieve our objective of becoming our clients' trusted business advisor.

Our Internal Audit and Controls practice provides our clients the breadth of services, resources, and expertise needed in today's complex business environment, and gives our employees the professional development and personal mentorship opportunities they deserve. Our auditors will be participating in regular risk discussions with leadership, and conducting risk-based financial compliance audits to determine operating effectiveness of internal controls, including Sarbanes-Oxley related controls.

This position is a consulting position working with a wide verity of clients supporting their financial and Operational Audit assessments and compliance activities in Atlanta, GA and throughout the Southeast.

### **Essential Functions:**

- Create plan for upcoming audits through a contribution of ideas on the methodology and approach for upcoming assignments based on review of prior year's audit work papers, flowcharts and audit report.
- Perform interviews with process and business owners at all levels and across the clients company to gather information, ascertain key risks, areas of concerns, and the expected internal control that should be in place.
- Independently execute pre-designed audit tests and assess the adequacy and effectiveness of the business areas processes, policies or controls.
- Identify gaps/opportunities/key risks and develop corrective actions to address gaps or assess adequacy of solutions offered by business partners.
- Perform comprehensive analysis of information prompted through interviews and document review by demonstrating professional skepticism and appropriate follow-up.
- Present and confirm audit findings/issues and the related corrective action to various levels of process/business owners.
- Document assessment and test results in compliance with internal audit industry (i.e., Institute of Internal Auditors) and departmental standards. Accurately prepare written audit finding/issue and applying judgment and analysis to recommend the related corrective action.
- Effective in writing reports, highlighting audit findings and making recommendations for corrective action.
- Completion of required clients internal audit department tasks needed to ensure the department's compliance with professional industry standards (e.g., self-review of audit work, proper close-out of the audit files, adequately responding to supervisor review comments, etc.), as well as planning for the next assignment.

## **Rausch Advisory Services: Senior Internal Auditor**

- Available to travel (domestic and international) up to 30%.
- Regular, dependable attendance & punctuality.

### **Education/Experience Qualifications:**

- A 4-year undergraduate degree in related field of study (e.g., Management Information Systems, Information Technology, Computer Science, and Business with Master of Accountancy program – IT track) is required.
- At least 3 - 4 years of relevant prior work experience and related industry IT public accounting or cybersecurity work experience is required.
- A CPA or CIA is preferred, but not required.

### **Communication Skills:**

- Excellent written and verbal communication skills.
- Ability to read, write and interpret instructional documents such as reports and procedure manuals.

### **Technical Skills:**

- Experience working with technologies such as Galvanize ACL, Extensive Excel Experience to include Pivot Tables VLookUps, Electronic Workpapers, ERP Audit experience (SAP, PeopleSoft, JD Edwards) Microsoft 365.
- Experience With Assessments Associated With The Sarbanes-Oxley Act Of 2002 (SOX 404). Walkthroughs, Testing and end to end documentation.
- Successful candidates must also demonstrate experience with independent performance of required work assignments, process mapping and workflow documentation, work plan development and system requirements analysis.
- Must have above average mathematical skills, including the ability to compute rates, ratios, and percentages, and the ability to work with mathematical concepts such as probability and statistical inference.
- Requires the ability to demonstrate good judgment, professional skepticism, and a strong learning aptitude to understand the Company's business processes as well as the ability to work with minimal supervision and demonstrate a high level of drive and initiative.

### **Rausch Advisory Services: Senior Internal Auditor**

- The candidate must be able to effectively communicate with various levels of the Client, discuss appropriate risks, identify and obtain audit requests from clients, and present audit findings in a clear and professional manner.
